

THE GRAIL NETWORK

CERTIFICATE OF APPRECIATION

This certificate is presented to

Nataliia Fursenko

For contributing distinguished professional expertise at the intersection of artificial intelligence, international law, human rights, and access to justice, and for advancing responsible AI through the development of LegalPilot, an AI-powered legal information platform supporting Ukrainians abroad. Her contribution strengthens The GRail Network's professional dialogue on responsible innovation, legal technology, and human-centered applications of artificial intelligence.
