

LETTER OF PROFESSIONAL SUPPORT

To Whom It May Concern,

My name is **Anna Sidorenko**, Founder and CEO of **SOBE Invest**, a boutique real estate company operating through **SOBE COLLECTION S.L.**. Our team brings **more than ten years of professional experience in the real estate and international investment market**, working with private clients, investors, and internationally mobile families.

I am pleased to provide this letter in support of **Nataliia Fursenko, PhD in Law**, Founder of **LegalPilot**, and to share my professional assessment of her work in developing a structured platform for individuals and families navigating relocation, legal adaptation, and related practical matters.

My professional interaction with Nataliia has allowed me to observe how LegalPilot connects legal guidance with the practical needs that arise when people relocate and establish themselves in a new environment. In particular, **clients introduced through the LegalPilot platform have approached our agency for professional consultations concerning real estate, property selection, rental and purchase opportunities, and other matters associated with establishing their residence and managing their relocation.**

From the perspective of a company with extensive experience in the real estate and investment sector, I consider this model particularly valuable. LegalPilot does not function merely as an informational resource. It creates a structured professional pathway through which internationally mobile clients can identify their needs and obtain access to qualified specialists in the relevant fields.

In our experience, people relocating across borders frequently encounter difficulties because legal, administrative, financial, real estate, and practical processes are fragmented and require coordination among different professionals. Nataliia's approach addresses this challenge by bringing these elements into a more coherent and understandable framework.

I particularly value her ability to combine a strong legal and academic background with a practical understanding of the challenges faced by internationally mobile individuals and families. Her work helps transform complex relocation processes into a more structured, transparent, and accessible experience for clients.

The development of LegalPilot demonstrates Nataliia Fursenko's professional initiative and her ability to create solutions extending beyond the traditional model of legal consulting by integrating legal expertise, technology, professional networks, and practical relocation support.

Based on my professional experience with Nataliia and on the clients who have reached our company through LegalPilot, I consider her work to have **demonstrable practical relevance and significant potential for further international development and application.**

I am pleased to support **Nataliia Fursenko** and the continued development of **LegalPilot**.

Sincerely,

Anna Sidorenko
